

*Think & Feel?*

We should focus locally

We don't want to make it like competition

There are lots of opportunities

RCE Global has a map

*See?*

Statistics of the projects are interesting

*Say & Do?*

People should say wow! How many good work!

We should teach, offer and support actors

*Pain*

We are Volunteer based and with very limited resources

*Gain*

Get more people interested

Offer information easier to everyone

*Hear?*

Everybody is interested in our work! Nobody said that they don't want to participate during a door by door invitation

From school kids to researchers, we have audience

Website not good. Lots of scattered data
